

Product Features

- For residential and light commercial water treatment applications that require flexibility
- Standard polyester or chemical-resistant vinylester construction
- Easy to handle and install
- 10-year warranty for 6" to 13" vessels (softener/filtration applications)
- 5-year warranty for 14" to 16" vessels (softener/filtration applications)
- 2-year warranty for vinylester vessels (deionization applications)

Materials of Construction

• Polyester or vinylester

Operating Parameters

- Maximum operating pressure: 150 psi
- Maximum operating temperature:120° F polyester 150° F – vinylester

Pentair Design Parameters

- Safety factor: 4:1
- Minimum burst at 600 psi
- Tested to 250,000 cycles without leakage

NSF Design Parameters

- Safety factor: 4:1
- Minimum burst at 600 psi
- Tested to 100,000 cycles without leakage
